

# 2018 - Sponsored Awards

In addition to being able to win a Bronze, Silver, or Gold medal, students are eligible to win many different sponsored awards. Here are some of the awards that have been confirmed for the 2018 fair.

## **Al-Hijra Academy Earth Sciences Award**

A medallion and \$50 cash prize will be awarded to the best Novice, Junior and Intermediate projects, and \$100 to the best Senior project that demonstrate excellence in earth sciences.

Sponsored by Al-Hijra Academy

## **Al-Hijra Academy Environmental Sciences Award**

A medallion and \$50 cash prize will be awarded to the best Novice, Junior and Intermediate projects, and \$100 to the best Senior project that demonstrate excellence in environmental conservation, preservation or regeneration. Special consideration will be given to projects relating to natural bodies of water or water systems.

Sponsored by Al-Hijra Academy

## **Al-Hijra Academy Health Sciences Award**

A medallion and \$50 cash prize will be awarded to the best Novice, Junior and Intermediate projects, and \$100 to the best Senior project that demonstrate excellence in health sciences.

Sponsored by Al-Hijra Academy

## **Al-Hijra Academy Physical and Chemical Sciences Award**

A medallion and \$50 cash prize will be awarded to the best Novice, Junior and Intermediate projects, and \$100 to the best Senior project that demonstrate excellence in physical and chemical sciences.

Sponsored by Al-Hijra Academy

## **An-Noor Innovation Award**

An-Noor Private School will sponsor and present a \$100.00 prize and a gold medal to the top Engineering projects in the novice, junior, intermediate, and senior divisions. This award acknowledges exceptional innovative projects applying principles of engineering and technology, expressed with resourceful enthusiasm. The hope is that projects such as these will enhance the quality of life for all humanity.

Sponsored by An-Noor Islamic Private School

## **An-Noor School Health Sciences Award**

A \$100.00 prize and a gold medal are sponsored by An-Noor Private School and presented to the top projects in the novice, junior, intermediate, and senior divisions. This award acknowledges projects with the outstanding scientific quality designed to highlight the dynamic aspects of health and the human body. Projects should be presented with motivation and be artistically displayed. The hope is that projects such as these will enhance the quality of life for all humanity.

Sponsored by An-Noor Islamic Private School

### **ASCIS Elementary Student Council Oral Communication Award**

This award of \$50 is presented to one student in each age category - novice, junior, intermediate and senior, who showed excellence in their oral presentation. This award is sponsored by the ASCIS Elementary Student Council.

Sponsored by Academie Ste. Cecile International School

### **Avinus Creating Thinking Award**

This award will recognize the efforts in a computer science project in the junior and intermediate categories. Winner will receive a gift card.

Sponsored by Avinus

### **Bourse du CscProvidence pour les meilleurs projets francophones**

Les meilleurs projets francophones dans la division novice, juniors, intermédiaires et séniors partageront un prix et leurs enseignants recevront également une bourse pour achat de ressources scientifiques. Les prix seront a partager si c'est un groupe de deux.

Sponsored by Conseil scolaire catholique Providence

### **Dr. Robin Deans CWSF Scholarship**

Dr. Robin Deans is proud to award a scholarship to a deserving finalist to attend the Canada-Wide Science Festival in Ottawa this May.

Sponsored by Dr. Robin Deans, MD, FRCPC

### **Energy Conservation Award**

Medals and a prize will be presented to the best Novice, Junior, Intermediate and Senior project related to conservation of energy. Sponsored by the Windsor Chapter of the American Society of Heating, Refrigerating and Air Conditioning Engineers, (ASHRAE)

Sponsored by ASHRAE

### **Engineering Award**

A plaque and \$100 prize will be presented to the best Junior, Intermediate and Senior Project related to Engineering and/or applied science. Partners must split the prize.

Sponsored by Professional Engineers Ontario - Windsor Essex

### **Essex Region Conservation Authority Award**

Projects related to either the conservation of soil, wildlife, forests, or flood and erosion protection in all divisions will be considered. A family conservation season pass will be presented to the winning projects (1 or 2 students per projects). Sponsored by the Essex Region Conservation Authority

Sponsored by Essex Region Conservation Authority

### **FACCA Technology Award**

This project should be related to engineering technology, tool and mold making and/or applied sciences. A medal and \$50 prize will be presented to the best projects in Novice, Junior, Intermediate and Senior Categories. Sponsored by FACCA Incorporated  
Sponsored by Facca Incorporated

**Greater Essex County District School Board Prize**

This prize will contribute \$2,000 towards the travel expenses and cost of sending one of the top science fair project winners from the public board to the Canada Wide Science Fair this May. All categories will be considered.

Sponsored by Greater Essex County District School Board

**Heavy Construction Association of Windsor Award**

This award recognizes the best project in each division Novice, Junior, Intermediate, and Senior that demonstrates innovation in construction or engineering. The winner will receive \$100. Partners will split prize.

Sponsored by Heavy Construction Association of Windsor

**Mad Science - Why my teacher is great!**

All students (Grades 4 to 6) at WRSTEF will receive a complimentary Mad Science presentation while at the fair. In addition, Mad Science will sponsor a draw for 8 Mad Science t-shirts for those students who state Why my teacher is great!

Sponsored by WRSTEF

**NSERC - Promotion of Science - Top Female Engineering**

A \$200 portion of the University of Windsor Promotion of Science award is given to the top female student in the Engineering Division.

Sponsored by University of Windsor - Office of the Vice-President Research and Innovation

**NSERC - Promotion of Science - Top Life Science Project**

A \$200 portion of the University of Windsor Promotion of Science award is given to the top Life Science project.

Sponsored by University of Windsor - Office of the Vice-President Research and Innovation

**NSERC - Promotion of Science Award - Top Computer Sciences-Math**

A \$200 portion of the University of Windsor Promotion of Science award is given to the top Computer Sciences and Math project.

Sponsored by University of Windsor - Office of the Vice-President Research and Innovation

**NSERC - Promotion of Science Award - Top Physical-Chem Sciences**

A \$200 portion of the University of Windsor Promotion of Science award is given to the Physical and Chemical Sciences Project.

Sponsored by University of Windsor - Office of the Vice-President Research and Innovation

### **Promising Young Engineer Award**

This \$100 bursary and medal acknowledges outstanding early experimental achievements by a student. The exhibitor's work shows great potential for future application or continuation of their experiment. \$50 will be given to the exhibitor and \$50 to their teacher advisor who must use the bursary in the promotion of future Science Fair student participation. Sponsored by U of W Faculty of Engineering. Sponsored by University of Windsor - Faculty of Engineering

### **Science City Membership Draw**

This award consists of a 1 year membership draw to Windsor's Science Centre, the Canada South Science City located at 749 Felix Avenue. This membership also includes free entry to affiliated science centres in Ontario including Toronto, Sudbury, and many others. Winners will be determined by draw with two memberships selected from students who enter a draw. Sponsored by Canada South Science City.

Sponsored by Canada South Science City

### **Science Rendez-Vous Showcase Award**

Three outstanding projects will be selected to be showcased at Science Rendez-vous in May at the University of Windsor.

Sponsored by Science Rendez-Vous

### **St-Clair College CWSF Grand Prize**

This prize will contribute towards the travel expenses and cost of sending one of the top science fair project winners. All categories will be considered. Sponsored by St-Clair College.

Sponsored by St-Clair College

### **Stantec Consulting Award**

Projects shall be related to application of engineering principles or research for improving the quality of our environment and/or infrastructure. A plaque and \$100 prizes will be awarded to the best Novice, Junior, Intermediate and Senior projects.

Sponsored by Stantec

### **Top Backboard Award**

These prizes acknowledge excellence in science backboards to convey project information in the novice division. Awards consist of cash prize.

Sponsored by WRSTEF

### **Top Participating Elementary School**

This award celebrates the involvement and encouragement provided by the teacher and school in supporting student participation and encouraging excellence in grades 4 to 6. The top five participating elementary schools will be entered in a draw to receive a Mad Science presentation for their school. A minimum of 250 student population applies for each school attending the fair. The teacher contact will

choose the date of the school presentation by contacting Mad Science of Windsor. Sponsored by WRSTEF.

Sponsored by WRSTEF

### **University of Windsor - Department of Earth and Environmental Sciences Prize**

The award consists of a \$100 prize to acknowledge the best project related to Earth or environmental sciences in the intermediate and senior project categories. Partners must split prize.

Sponsored by University of Windsor - Department of Earth and Environmental Sciences

### **University of Windsor - Faculty of Education Excellence Award**

This \$500 award bursary celebrates the involvement and encouragement provided by the teacher and school in supporting student participation and encouraging excellence in grades 3-6. It is given to the school that receives the most medals (bronze 1 pt, silver 5 pts, gold 8 pts.) and is based on a ratio between school population and medal standings. A minimum 250 student population applies for each school attending the Fair. A school may win the award only once in a three year period.

Sponsored by University of Windsor - Faculty of Education

### **University of Windsor - Faculty of Engineering CWSF Prize**

This award will contribute \$2,000 toward the cost of sending a finalist the Canada-Wide Science Fair. Project must be in the Engineering Category. Sponsored by the University of Windsor - Faculty of Engineering.

Sponsored by University of Windsor - Faculty of Engineering

### **University of Windsor - Faculty of Science Prize**

The University of Windsor Faculty of Science Prize, as judged by a panel of three professors from the Faculty of Science at the University of Windsor, will recognize the best overall senior science project. This prize will contribute \$2,000 towards the travel expenses of the winning scientists so that they can attend the Canada Wide Science Fair. In addition, each member of the winning team will receive a Faculty of Science lapel pin, a certificate,. Projects in Life / Behavioural Sciences, Physical Sciences, Earth Sciences, Computer Science and Mathematics and Statistics will be considered for the award.

Sponsored by University of Windsor - Faculty of Science

### **University of Windsor Entrance Scholarship**

The University of Windsor seeks to acknowledge the best Gold Medal Winning senior project from the WRSTEF. This scholarship will be applied to tuition fees when the student is registered in an undergraduate Science or Engineering program at the University of Windsor. In the case of a partner project each student would receive a \$1000.00 admission scholarship.

Sponsored by University of Windsor - Student Awards and Financial Aid

### **University Of Windsor Faculty Of Nursing Health Sciences Award**

This award seeks to acknowledge the best three Novice/Junior, Intermediate and Senior projects which demonstrate experimental research in the field of health. Medals and \$50 bursary will be presented to the three best Novice/Junior, Intermediate and Senior projects.

Sponsored by University of Windsor - Faculty of Nursing

#### **University of Windsor Foundation Award**

This award seeks to recognize the top Novice, Junior, Intermediate and Senior projects in the Engineering or Automotive Division which demonstrate uniqueness and innovation to design using engineering principles. Winners will receive a \$50 bursary and medal. Partners to split prize. Sponsored by Faculty of Engineering, University of Windsor.

Sponsored by University of Windsor - Faculty of Engineering

#### **UofW Pre-Medical Society Award**

A medal and cash prize will be awarded to the project that demonstrates the best solution to a healthcare problem or further innovates health technologies. Judging criteria will be based on practicality, creativity, and innovation.

Sponsored by Windsor Pre-Medical Society

#### **uOttawa Entrance Scholarship**

\$1,000 entrance scholarship applied to tuition fees when the student registers in an undergraduate program at the faculties of Science or Engineering at the University of Ottawa. In the case of a two-student project, each student will receive a \$500 admission scholarship if they register in appropriate undergraduate programs at the University of Ottawa.

Sponsored by UOttawa

#### **Vision Therapy and Research Centre Award**

A special prize sponsored by Dr. Mohamed Moussa and An-Noor School will be presented to the top 10 achieving projects in the novice, intermediate, junior and senior divisions. This award recognizes projects with exceptional scientific significance constructed to enhance the understanding of the impact of vision as a leading capacity.

Sponsored by Dr. Mohammed Moussa

#### **Windsor Construction Association Award**

This award recognizes the best project in each division Novice, Junior, Intermediate, and Senior that best exemplifies sustainable building practices or sustainable products. Winners will receive \$100. Partners must split prize.

Sponsored by Windsor Construction Association

#### **Windsor Islamic Association Awards of Excellence - Gold**

In recognition of their achievements, all gold medal winners at the fair will receive a gift certificate.

Sponsored by Windsor Islamic Association

**Windsor Islamic Association Awards of Merit**

A unique and highly regarded award which serves to award projects in any category or age group which demonstrates special effort and motivation. A gift certificate will be awarded to 30 enthusiastic students.

Sponsored by Windsor Islamic Association

**Windsor-Essex Chapter of Ontario Association of Certified Engineering Technicians and Technologists Award**

Deserving projects in engineering in the novice, junior, intermediate and senior divisions will receive a medal and a cash prize

Sponsored by Ontario Association of Certified Engineering Technicians and Technologists
